### KEY RISKS

**Ensuring that correct registration types are set up before registrations are open for the season** - Data captured will meet club needs.

**Player lists are produced in a timely manner to meet club needs** - lists developed using MyCricket functionality and updates completed and distributed as changes occur.

**Developing the required expertise with MyCricket** - be the club expert for MyCricket and support others in the club to develop their skills and knowledge.

**Accuracy of data and records** - ensure records are accurate and we hold data about player demographics.
